E-Mail _____

Preferred contact method: _____

The eligible practices for this program will be cost shared at 75%:

Maximum \$1,000.00 (HUAP)

Maximum \$2,000.00 (Watering System)

Eligible practices include: Livestock Watering System (max \$2,000 includes mandatory 25' x 25' watering pad) or a Heavy Use Area Protection (HUAP) 25' x 25' feeding pad. The NRCS, ISDA or District Technician will provide engineering design plans & technical assistance through practice installation. Practice installation **must not** start until approved for funding by the Spencer County SWCD and engineering plans have been obtained.

Practices must be maintained for 5 (five) years after completion. NRCS, ISDA or District Technician will make final field visit to sign-off on the completion before cost-share claim can be submitted.

All projects must be completed and paid bills submitted to the SWCD by November 1st of the year the application to the program.

By signing this form, I agree to the attached program guidelines and understand the terms and conditions of the agreement.
