Rockport Science Night

The SWCD presented at the annual Science and Health night at Rockport Elementary. There were many demonstrations and community groups present to help educate the students and community about everything from soil, to robotics to Emergency Management.

We love being part of community events! This year we presented about pollinators and the grant opportunity for pollinator plots through the Clean Water Indiana Grant.

Pollinator Seed Plots!

We have modified our grant to have the ability to **supply** the seed you need to plant your pollinator plots! Call the office or stop in today!

Due to grant reporting requirements, we will ask for your name, address, and contact information such as an e-mail or telephone number.
